

FAIRTON CHRISTIAN CENTER ACADEMY

Dear Parents,

We know that a new school year can be exciting but also a little overwhelming at times for students and families alike. We have counseling support available right here at school. Counseling helps students with their emotional well-being, social skills, and coping strategies.

If your child ever needs a safe space to talk, or if you'd like some extra resources for home, please don't hesitate to reach out. Mrs. Strittmatter is a qualified and compassionate counselor, called by God to minister and give guidance to youth and adults.
